PRODUCT CHANGE NOTIFICATION

ANATEL Certification for ICR-3232

Product Identification

ICR-3200 product family with the product number (P/N) **ICR-3232** and **ICR-3232W** (model with the WiFi module).

Description of Change

Detailed Description of Change: From the effective date, the ICR-3200 routers with P/N listed above, meet the homologation certificate for the Brazil ANATEL under number 15831-20-05739. This homologation requires the Brazilian Telecommunication Agency (Anatel) for the products to be legally commercialized and used in the country.

Anticipated impact on Fit, Form and Function: There is no impact on the product itself. The only change for the product is on the labels – there is the Anatel certification on the certification label as seen in the figure below. Related information is stated in the User Manual of the product as well.
